

## DISCUSSION

### Before Reading:

- What is a cup used for?
- How is a baby cup different from a grown-up cup? Why?
- How many different types of cups can you name?

### Purpose for Reading:

As you read, think about why cups may be made differently.

### After Reading:

- On page 5, the girl has a paper cup. Why do you think it's not made of glass, like Dad and Mom's cups?
- Do you think a paper cup would be a good choice for the mom or dad's drink? Why or why not?
- Look at page 3. How is the tot's cup different? Why?
