New high-frequency words	next, than, these
Special considerations	inflectional endings -ed,- ing, -s; plural ending -s; possessive 's

Shane dashed from Trish's Shell Shed.
He went to Stan's Fish Shop.
He spent his cash on
fresh fish and shrimp.

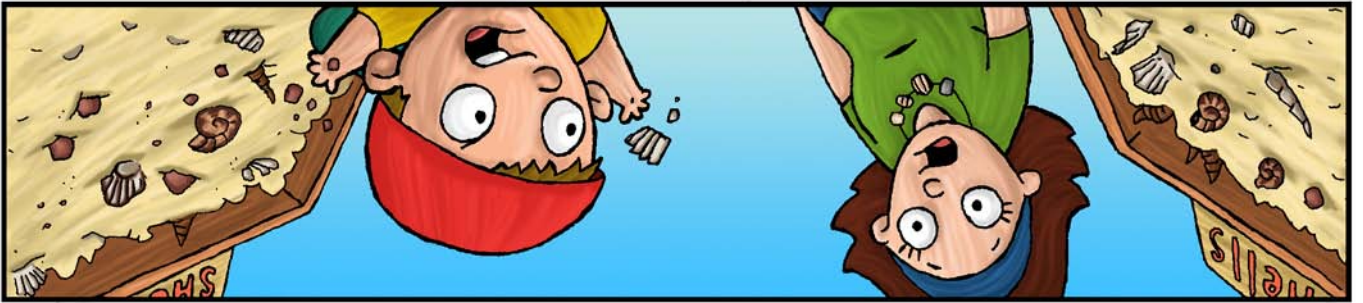

Shelly Shrek had a shell shop.
Her shop was next to lots of ships.

"My shells are not trash," said Trish.
"I wish you would take your cash
and get out of my shell shop."

Shane Shrek liked shells.
He rushed to Shelly's Shell Shop
to shop for shells.
He had lots of cash.

“These shells are in bad shape,”
Shane said to Trish.
She was crushed by what Shane said.

When Shane got to the shell shop,
it was shut.

A note said, “Gone fishing.”
Shelly had gone on a big ship
to fish for shrimp.

Shane dashed to the next shell shop.
It was Trish's Shell Shed.
But Trish's shells were
not as good as Shelly's shells.

Shane was not happy.
He was mad that Shelly had shut her
shell shop to go fishing.
