

A Load

A load is something that must be carried. There are many kinds of loads. Some loads are heavy. Some loads are big. Some loads are small.

We carry some heavy loads on water. Coal is a heavy load. We can carry coal in boats. The coal makes the boats float low.

We carry some big loads on roads. Oats make big loads. We can carry oats in trucks. The trucks drive on roads.

We carry some small loads in airplanes. We can carry mail on airplanes.

Quiz Questions

1. Fill in the blanks with words from the list below.

Coal is a heavy _____ .

float, load, road

2. Fill in the blanks with words from the list below.

The coal makes the boats _____ low.

float, load, oats

3. Fill in the blanks with words from the list below.

We can carry _____ in trucks.

floats, oats, road

Coal

Coal comes from plants. Plants die, and they fall to the ground. Mud covers them. A long time passes. The plants get very hard, and they turn into coal. Coal is deep in the ground. We must dig to reach it.

We need coal. Coal is a fuel that makes heat. We burn coal. The fire may be blue. A blue fire means it is very hot.

It is true. We need coal, but coal makes smoke. This smoke can be bad. Our goal is to keep our air clean.

Quiz Questions

1. Fill in the blanks with words from the list below.

Coal is a fuel that makes _____.
clean, heat, mean

2. Fill in the blanks with words from the list below.

A _____ fire means it is very hot.

Fireflies

Take a walk on a hot night. Watch for tiny bright lights. The lights might flash one time. They might flash many times. They might flash by the grass. They might flash in the sky. Each light is a firefly.

A firefly flies at night. It lights up as it flies. It tries to find other fireflies. It lights up to find a mate. A firefly dies after mating.

You can catch fireflies. Try to catch one in your hand. Its light will feel cold.

Quiz Questions

1. Fill in the blanks with words from the list below.

A firefly flies at _____.

bright, night, sky

2. Fill in the blanks with words from the list below.

A firefly lights up as it _____.

bright, flies, night

3. Fill in the blanks with words from the list below.

Fireflies might flash in the _____.

Rain

Rain, rain, go away. Come again another day. We say these words on rainy days. But we need rain. Rain is the main way we get water. Rain fills lakes with water. Rain fills seas with water. Rain helps plants grow. Rain helps trees grow. Rain cleans the air.

So, smile when it rains. Take a walk in the rain. Catch the rain in a pail. Then wait for the rain to stop. Dig for bait. Look for snails. Watch for a rainbow.

Quiz Questions

1. Fill in the blanks with words from the list below.

Rain is the _____ way we get water.

bait, main, pail

2. Fill in the blanks with words from the list below.

You can dig for _____.

bait, pails, rain

3. Fill in the blanks with words from the list below.

You can catch rain in a _____.

Rainbows

Rainbows can be seen on rainy days. Wait until the rain stops. Wait until the sun peeks out. Go outside. Keep your back to the sun. Look high in the sky. You might see a rainbow.

Rain and sun rays make rainbows. Sun rays are white light. This light shines through the raindrops. The raindrops bend the light. The bent light makes bright colors in the sky. The colors are always the same. Red is on top. Orange, yellow, green, and blue are next. Violet is on the bottom.

Quiz Questions

1. Fill in the blanks with words from the list below.

Rainbows can be _____ on rainy days.
green, seen, wait

2. Fill in the blanks with words from the list below.

Sun rays and _____ make rainbows.
go, rain, seen

3. Fill in the blanks with words from the list below.

Rainbows are red, orange, yellow, _____, blue, and violet.
green, main, rain

4. Fill in the blanks with words from the list below.

You must _____ for the sun to see a rainbow.

Sleep

We are busy all day. We work and play.
We eat and read. Then the sun goes down.
There is less light. The change of light tells our
bodies to sleep. We feel sleepy. We cannot
keep our eyes open. We sleep all night.

Sometimes we have deep sleep. Our
bodies and brains rest. Sometimes we have a
dream. Our brains wake up and think.

The sun comes up. There is more light. The change of light tells our bodies
to wake up.

Quiz Questions

1. Fill in the blanks with words from the list below.

We are busy all _____.

day, play, sleep

2. Fill in the blanks with words from the list below.

We cannot _____ our eyes open at night.

deep, keep, play

3. Fill in the blanks with words from the list below.
