**Short Answer:**

Think about Evan, Jessie, Megan and Scott. Who do you think was the smartest? Why?

Sample answer:

I think they are all smart in their own way. Scott was the one who ended up with the most money, but he lost a friend, put himself in danger of being caught and does not know how to make money on his own.

Megan is smart enough to know that giving money is better than having money, and has made and kept at least 2 friends because of it.

Jessie is great with numbers and Evan is great with people and they both could easily make \$100 dollars again if they wanted to because of their knowledge and hard work.
