

CHARACTER TRAITS TASK CARDS

Use these 32 multiple choice task cards to have your students practice inferring character traits. Students can use these cards individually at a center, or they could also test each other in pairs. A student answer sheet and an answer key are included. If you want your students to go a little deeper, there is also a challenge card that can be used with any other card in this set. This card can be answered either verbally or on notebook paper.

These task cards will work well for reading strategy centers, stations, for partner work, or as homework assignments. The multiple choice format makes these cards ideal for test prep too! Another option is to use the cards with the whole class for the game SCOOT.

These cards will look best in color, but will also print out fine in grayscale. Simply print and cut along the guidelines. Laminate and use them again and again. Alternatively, you could print on cardstock. It works well to keep them in a baggie. Another option is to hole-punch a corner of each card and put them all on a ring. A cover card for this set is also included for you to label the baggie or box where you keep the cards.

This set of task cards is correlated with Common Core Standard RL.I.
