

POISONED VALENTINE

Visual Images for Suspects

On the following pages are picture cards for the suspects in the original mystery list. There are **12** suspect characters.

Using these suspect pictures is a fun option if you would like to add more visuals when setting this mystery up in your classroom or home school.

Option 1: Cut out as cards, place on a display board, remove the cards as characters are eliminated.

Option 2: Print like a worksheet and cross off suspects on the page. Tip: Laminate the pages, use washable markers, to reuse the pages again (this also helps if students make a mistake when crossing off suspects).
