## Alphabet Lap-Books

Created by: Emily Gibbons

Kick your instruction up a notch!

Dear Educator,  
Thank you for your purchase! This is a set of 26 alphabet lapbooks for practicing the alphabetic principle. It is compatible with OG or other reading interventions. This resource may be used in a 1:1 setting, small group or even whole class, depending on your needs.

NOTE: Please see page 3 for preparation and teaching instructions. They are meant to be reusable, so laminating is recommended. If you enjoyed using this set, please be sure to check out my other multi-sensory skill practice sets. I add more phonics resources every month!

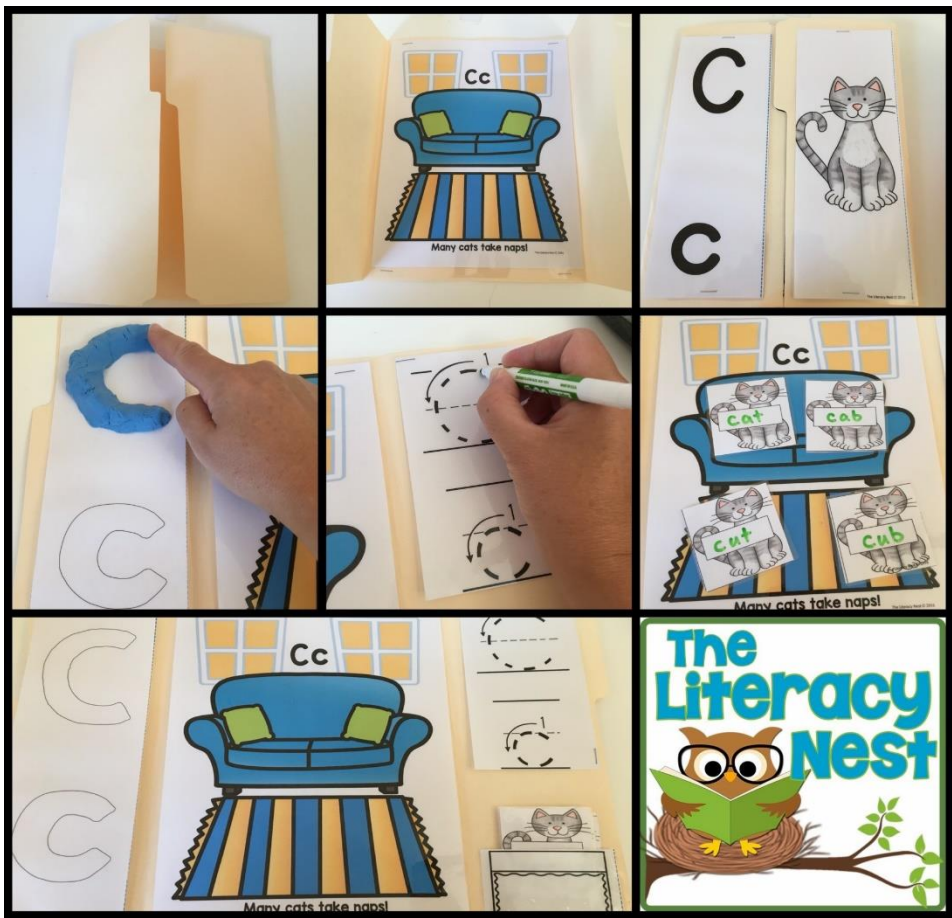

Thank you so much for choosing my store for your classroom needs. I do appreciate your patronage. Please be sure to leave feedback on this resource. It helps me, future customers, and you'll earn credit towards new purchases!

Sincerely,  
Emily Gibbons, [The Literacy Nest](#)

Preparation: This lapbook is meant to have a write and wipe surface to make it reusable. Fold a manila folder as shown, cut and then laminate each of the letter pages. Trim lamination to fit the folder. Staple all laminated pages to the folder, except the card holder and cards. Use packing tape to tape all three sides of the card holder, and store word cards. Write words on cards. Write words on cards.

How to use: Make one lapbook for each letter of the alphabet. Start with the lap-book closed to orally introduce the letter with the student. Orally say the letter, the name its key word, and the sound it makes. For example: C, CAT, \k\. Next, open the folder, and use the left side for multisensory practice. Use play-dough over the upper and lower case letters, dry-erase markers or crayons, or even place a cross-stitch canvas over the letters for a tactile surface. Then, practice tracing the letters on the right side of the lap-book with a dry erase marker. Continue to stress the name, sound, and key word of the letter for each activity. Finally, use the middle space of the lap-book for word card reading and blending. Take a card and read it, Practice laying it in the middle. Each middle page has a different scene with a sentence prompt. Orally create a story with the child for each letter to match the scene. For example, with the letter C, there are cat cards to place on the couch or the rug. The cats are going to take a nap in the living room. (See photo above.) A cursive page is added as additional option.
