Dear Educator,

Thank you for your purchase! This set can be used to intro or review vowel team syllables and diphthongs as a syllable type. There are a ton of vowel teams out there, so this resource provides mixed review with all of them. There are some advanced vowel teams included to be used if you feel your students are prepared for the additional practice. Feel free to check this progression chart to see the order I follow. If you are looking for further practice, be sure to check my store for the multisensory phonics packs that address each individual vowel team or diphthong.

It is compatible with OG or other reading interventions. This resource may be used in a 1:1 setting, small group or even whole class, depending on your needs.

Please pay special attention to the Table of Contents. This is the order of instruction I recommend. Games are included at the end to use at any point in your instruction. They make great review centers.

If you enjoyed using this set, please be sure to check out my other syllable sets! **For teaching tips on syllable types, read this six part blog series.**

Thank you so much for choosing my store for your classroom needs. I do appreciate your patronage. Please be sure to leave feedback on this resource. It helps me, future customers, and you'll earn credit towards new purchases!

Sincerely,

Emily Gibbons, [The Literacy Nest](#)

Hi there!

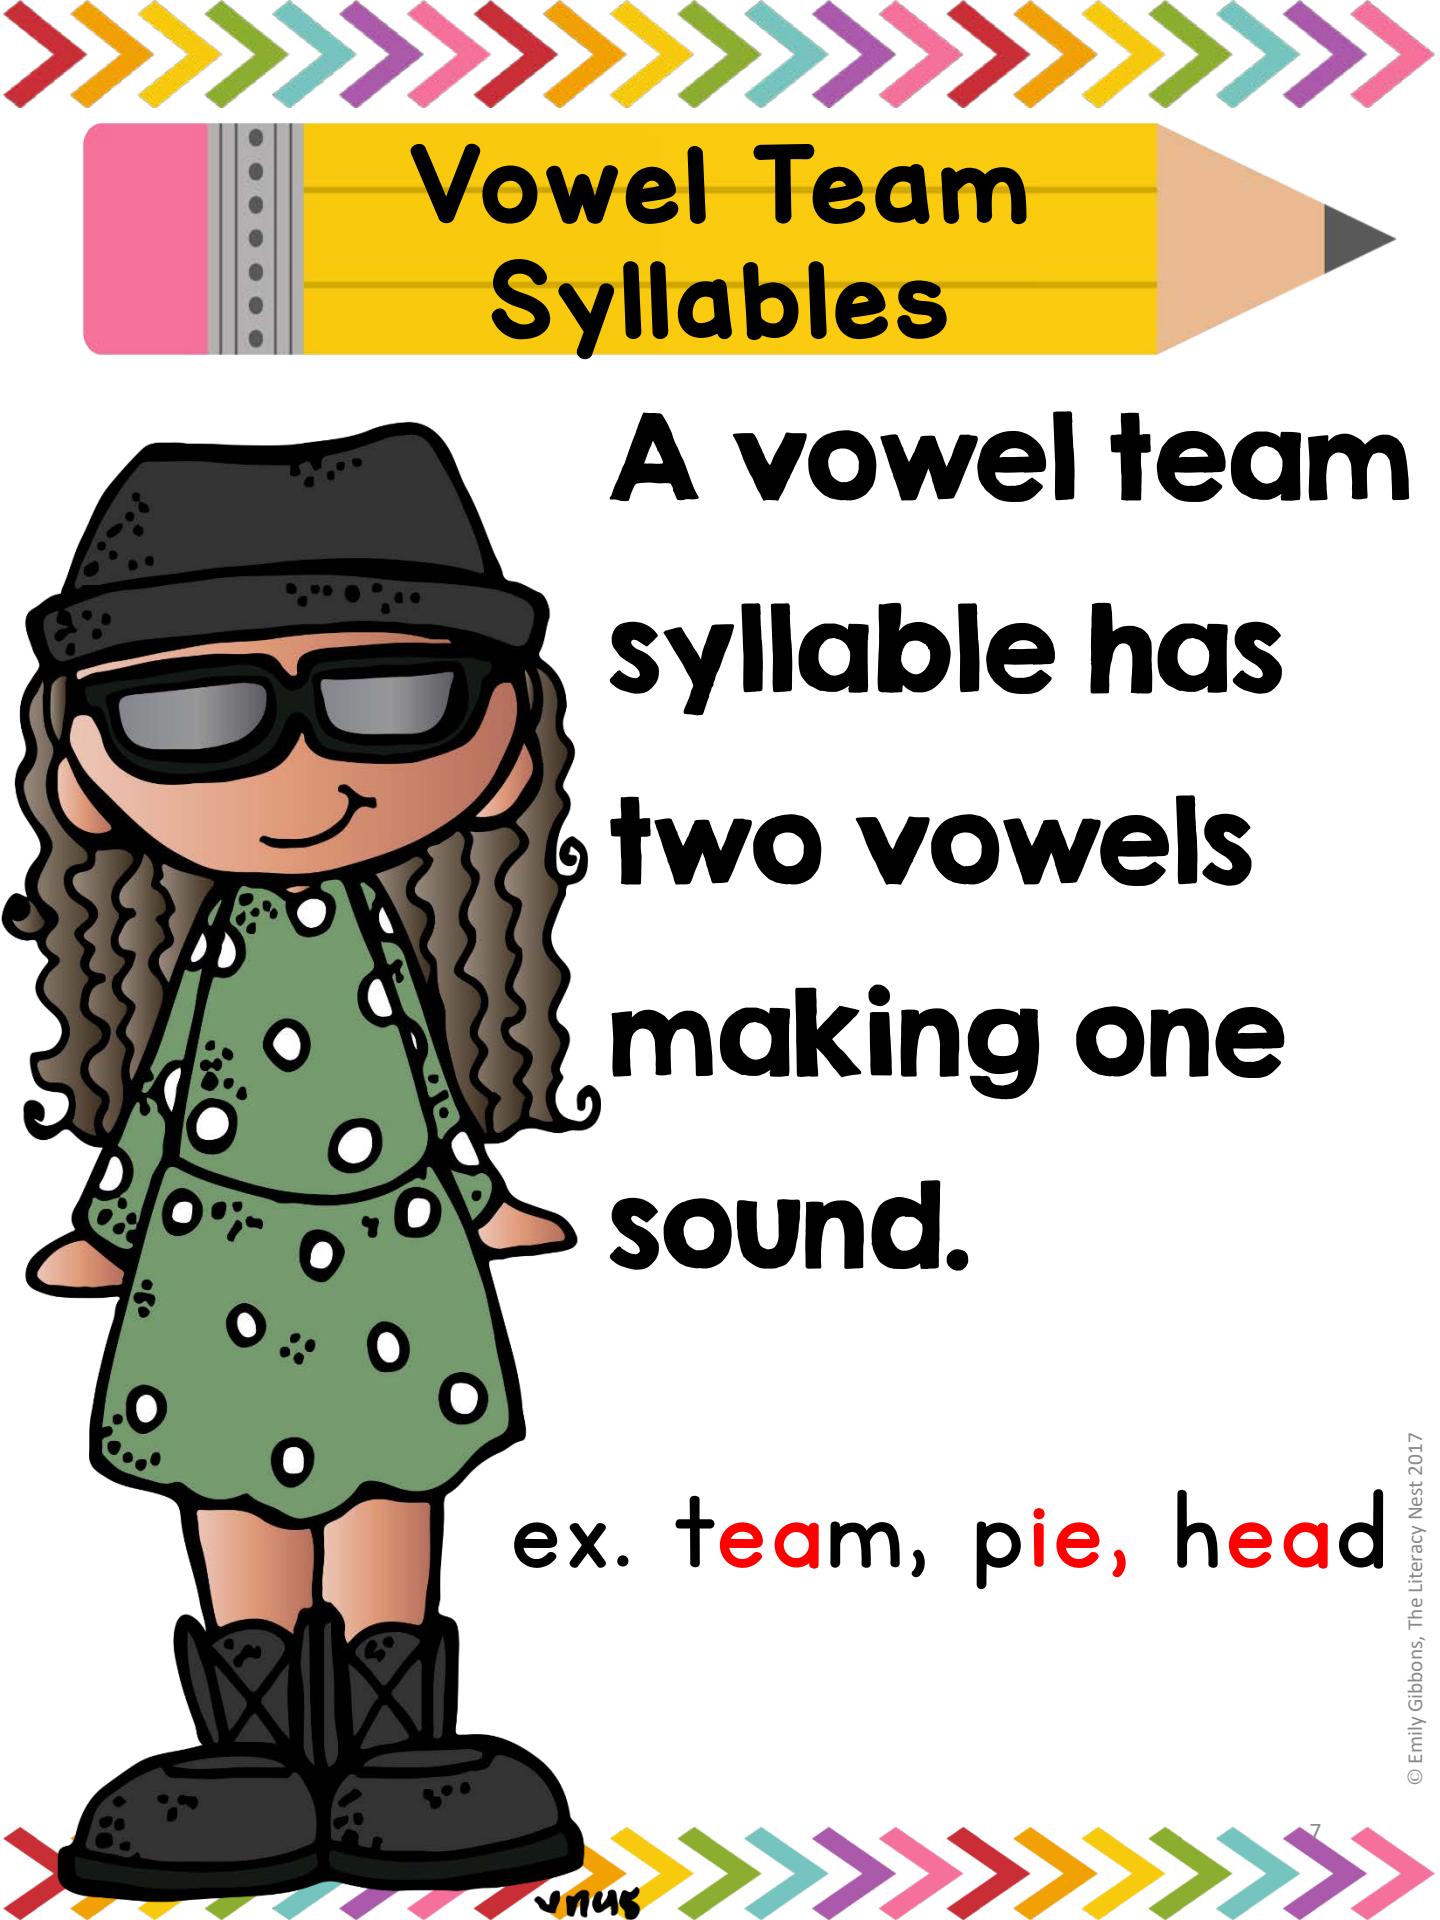

This packet is an introduction to vowel team syllables, including diphthongs. I have included lists with less frequent vowel teams called, “Rare Vowel Teams.” Depending on the needs of your students, you may wish to completely skip those until your students are ready.

Since there are SO many vowel teams out there, I wanted to provide all of them in this resource, but also give YOU the choice.

What is a syllable?

**A syllable is a
word or word
part with one
vowel sound.**

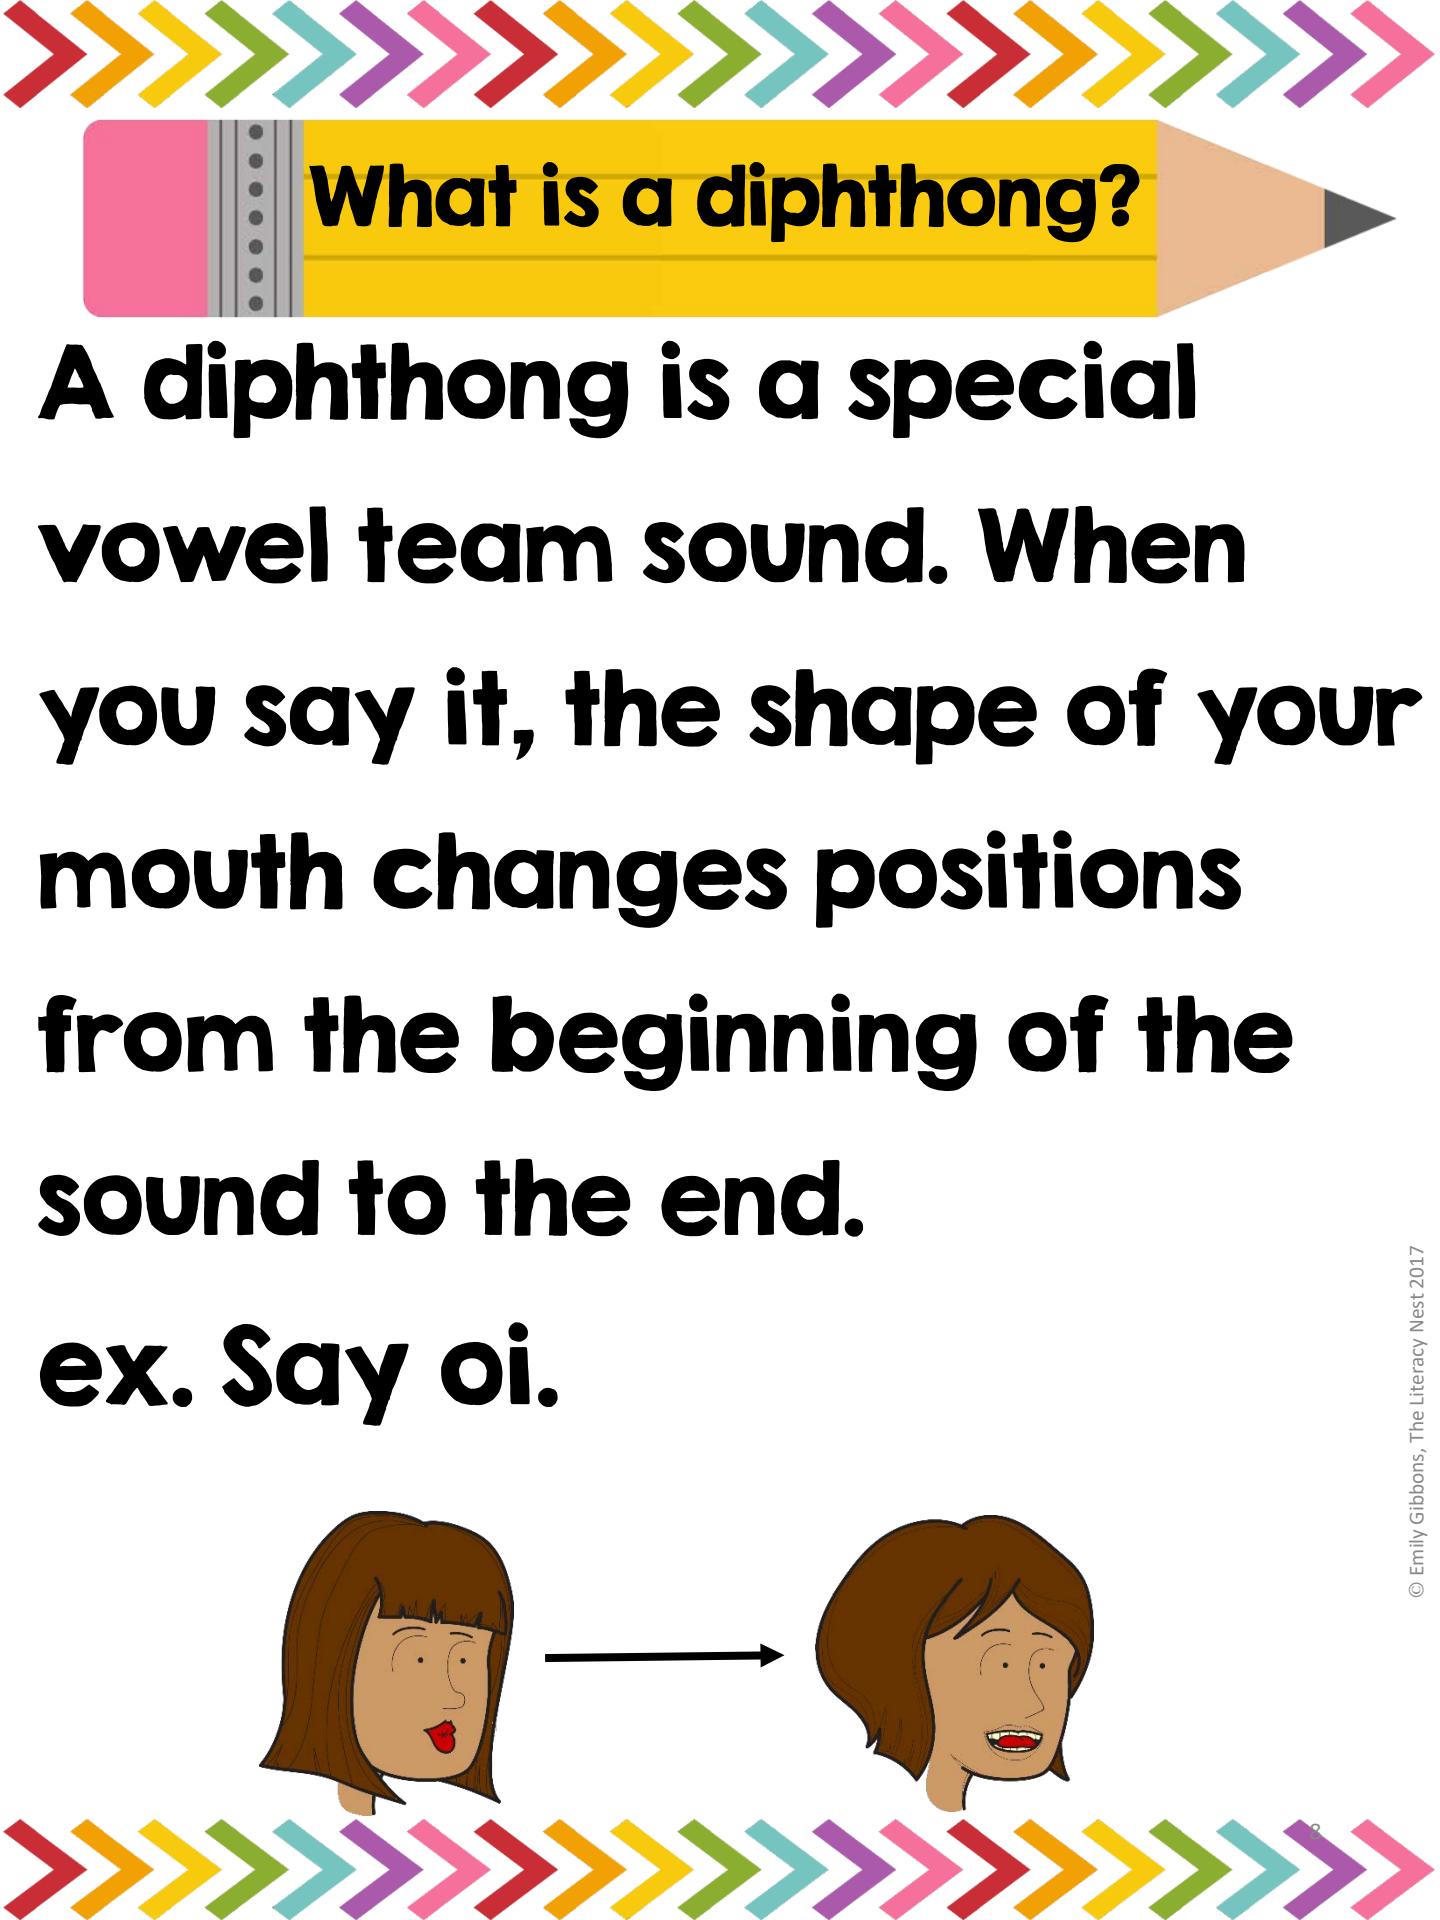

Vowel Team Syllables

A vowel team syllable has two vowels making one sound.

Snail Mail

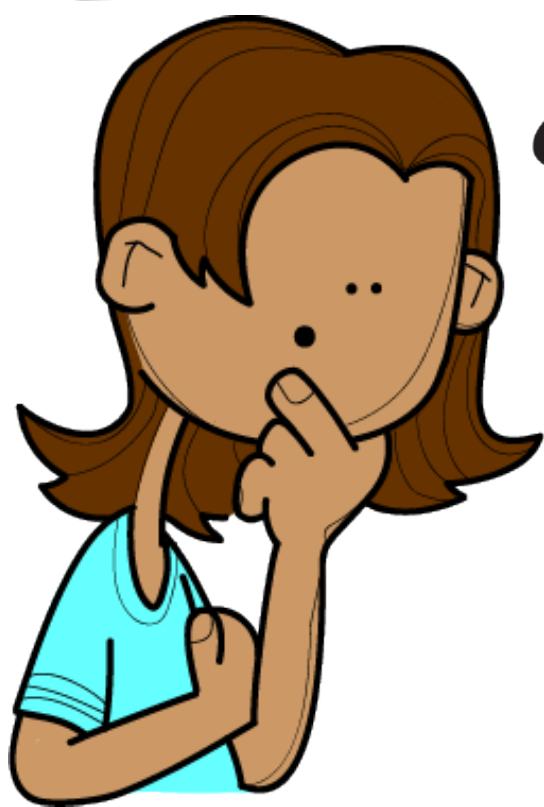

Reed receives a good load of mail in his mailbox each day. He likes to wait outside when the mail truck drives up to his house. It's quite a sight to see when Reed takes all the mail out of his mailbox. A few times the mail got lost, so now it gets a tie with string to keep it safe.

One day Reed had to mow the lawn while he waited for the mail. He cut his toe, and had to head inside to take a break and clean and rub it with aloe oil. Reed boiled some soup, got a drink and sat down to read a book. He peeked outside and saw the loud mail truck heading down the road. Reed had to go slowly to reach the door with his cut toe!

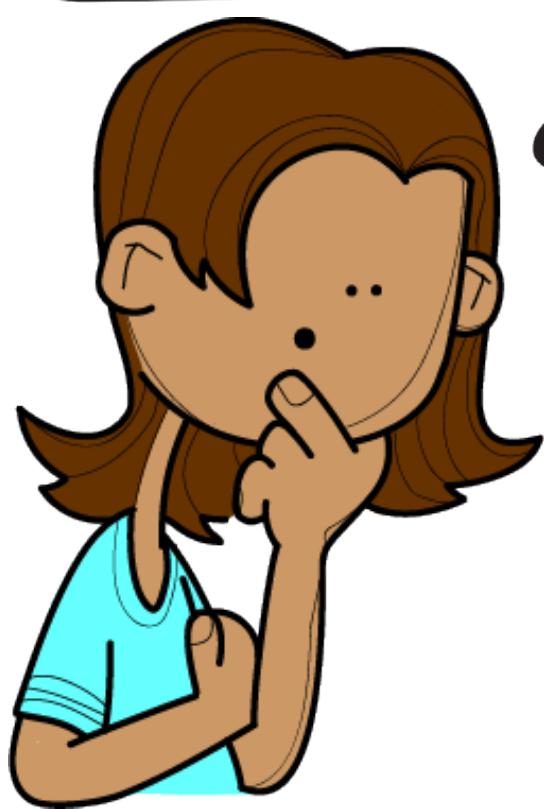

The loud mail truck did stop. Reed could see boxes tied with string ready to be dropped off. Reed did not fail. He went out the door to receive the mail just as he does each day. Reed's mail gives him joy.

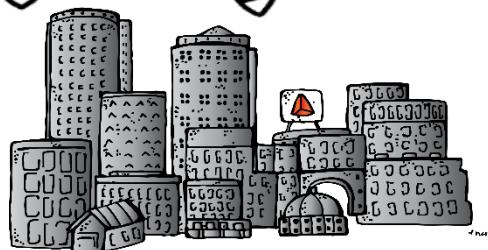

Why did Reed head inside?

What is a vowel team syllable?

What is a vowel diphthong?
