Important Information

Dear Educator, Thank you for purchase!

The Complete OG is a collection of my O-G related resources. They are all suitable for Orton-Gillingham instruction. Whether you are just getting started as an instructor, or have been one for years, this is going to be a major time saver for you. As owner of this bundle, you are given access to free updates. All you have to do is go into "My Purchases" and download the updated version. I recommend checking once a year to see if there have been updates made.

You can access the bundle in two ways: One is a PDF with clickable links to the files. The other way is a Trello board. What's Trello? It's an organizational tool used online. You can set up a free Trello account. Then, you will make a copy of the Complete OG Bundle 1 template and save it to your account. Using Trello is totally optional, but I do recommend watching my tutorial and trying it.

This bundle is for a single user. It is not to be shared in any form, resold or uploaded to share sites. I offer additional licenses at a discount. Just go into "My Purchases" to purchase additional licenses. I appreciate my customers for respecting my intellectual property, as well as the clip artists' work I use to create these products.

If you have any questions about Orton-Gillingham or this product, please contact me at theliteracynest@gmail.com.

Finally, your feedback is greatly appreciated. I strive to create high quality products for you and your students. I'm happy to accommodate your requests to the best of my ability. It is a pleasure helping my fellow OG instructors out there. We are helping our readers to succeed in a method that truly works. I thank you for reading this letter and hope you'll follow me to learn more about OG.

NOTE: CHECK 1X PER YEAR FOR UPDATES. JUST GO TO 'MY PURCHASES' AND YOU'LL SEE WHAT HAS BEEN REVISED OR ADDED TO THIS PRODUCT.
