SYLLABICATION BUNDLE

A Multisensory Approach

• Syllable Types
• Syllable Division
• Over 150 practice pages

Created by: Emily Gibbons

[Click here for more Orton-Gillingham resources.](#)

Dear Educator,

Thank you for your purchase! This is a set of advanced word lists and sentences for level two, Orton-Gillingham. It is recommended for students who are ready for more advanced work within this level.

Level two focuses on vowel teams, r-controlled vowels, suffix -ed, syllable division and compound words with a variety of syllable types.

Your student(s) may be ready to handle multisyllabic syllable patterns that match the skills in level one. This resource will accommodate that need. Please note that a few lists have ending syllable patterns with schwa sounds. It is up to the teacher and/or tutor's discretion to decide if you would like to use these lists for further practice with a particular syllable pattern.

I will be creating more advanced word list packs during summer, 2018. There is a bundled version, which will also be added to The Complete O.G. Part 2 bundle as scheduled. I have included the table of contents for the other levels, so that you may get a glance at what will be next.

For word list ideas, read [this blog post](#).

Thank you for leaving feedback on this purchase. It is greatly appreciated!

Sincerely,

Emily Gibbons, M.Ed. IDA Certified Dyslexia Practitioner,
Orton-Gillingham trained, IMSLEC accredited program
