FOLD OVER FORMAT

Dear Educator,

Thank you for your purchase! I'm excited to share this set of 93 phonogram cards and posters in a fold-over format with you. I am using them as part of my O-G lessons. The first part of the O-G lesson is a drill with phonogram flashcards. The teacher holds up a card. The student says the letter or phonogram, the key word for it, and the sound it makes. Sometimes students need a picture prompt to remember the key word, which is why I've included them.

Here are some teacher tips:

1. This is the fold over version. Fold over each page lengthwise, cut on the dotted lines and glue or laminate each card.
2. This set is recommended for O-G instruction, therefore should be used with someone that has had Orton-Gillingham training.
3. The cards are NOT in the order they should be introduced to a student. Please refer to an O-G scope and sequence chart for the correct order.
4. Some phonograms have more than one sound. I decided to either include an image for the FIRST sound introduced or an image for all the sounds. For example, I made three separate cards for the phonogram ea: eat, steak and bread. I chose to do this for some of the trickier sounds for my students to recall.
5. Since some phonograms have more than one sound you may not want to use the picture cards. Or you may use the picture cards, but change to a text only card when more sounds are taught. This is your own personal choice.
6. Laminate these cards for longer lasting use.
7. They are all numbered so you'll have a full set of 93 cards, but they are NOT in the order they should be introduced to a student.
8. Two images have been reused: top is also toy and the children singing are all for the -ng word family.

I appreciate your taking the time to purchase this product, give it a chance, and provide me with feedback. I do request that you message me first if there is a serious problem or error before you give feedback. Many times an issue can be resolved simply by contacting me, the seller. I respond to any and all concerns and questions promptly. If you'd like to learn more about me and my OG training, you can visit my blog: www.theliteracynest.com Thank you!

-Emily Gibbons, M.Ed. Orton-Gillingham certified (IMSLEC approved program)
