

Compound Words Puzzle Pieces

THE READING
TUTOR /OG

Dear Educator,

Thank you for your purchase! This set includes practice with compound words. I've included a mini-poster, student directions, and an answer key to post in a center or during a mini-lesson. Here are a few quick tips:

- 1. Print out the puzzle pieces on cardstock for longer-lasting use.**
 - 2. Cut the puzzle pieces apart and put into Ziploc bags to use at center.**
 - 3. Display the directions mini-poster for the puzzle piece activity at a center.**
 - 4. Either photocopy or laminate the recording sheet.**
 - 5. Hide the answer key inside a large manila envelope or folder.**
- Provide access to it when students complete both activities.**

Your feedback is greatly appreciated. Did you know when you leave feedback, you'll earn credits to use towards future purchases? I strive to create quality products. If there is anything you feel you'd like to contact me regarding this product, please message me. You may also follow my store to learn about new products, revisions, sales, and freebies. Thanks again!

What Is A Compound Word?

A compound word is formed when you join 2 different words together, and make one new word.

Compound Word Puzzle Pieces

1. **Spread out all the puzzle pieces, facing up.**
2. **Take turns creating compound words by matching the two puzzle pieces together.**
3. **Write your compound words onto the recording sheet.**
4. **Be sure to spell each word correctly, and that it is a real compound word!**
