There are 5 boards with pictures that when the student lands on the picture they will say the beginning sound. And there are 5 boards with letters in which they will think and give an example of an item that begins with that letter sound.

There are 2 ways each game can be played. You can have your students use a die and they can use the spinners that are included using a pencil and a paperclip.

Each game can be played with 1-4 players.

I've included a few different spinners and game pieces. Your students can choose to use a game piece or you can use coins, snap cubes, game pieces from an old game. Anything you'd like.

Roll a die or spin the spinner. Move your game piece that many spaces. Say the beginning sound of the picture that you land on. Continue until you reach the finish.
