Review any subject in a fun and engaging way with this all access free 3 month pass to my digital games for interactive whiteboards (SMARTBoard, Promethian, Mimio), tablets and computers. With a large library of games to choose from and the ability to make your own questions, you can tailor the games to your students' exact needs.

### FANTASTIC FEATURE #1 – Access to All Games

This free 3 month subscription will give you full access to all of the games that are on the [pinkcatgames.com](http://pinkcatgames.com) website for 90 days. This free subscription can only be used one time.

### FANTASTIC FEATURE #2 – Make your Own Questions

Create questions for any subject in any language! An easy to use question editor allows you to quickly make questions. Enhance your questions by choosing from over 1000 clip art images that are provided. Make questions for math, languages, science, history or any topic you can think of. Just type them in once and then use them in any game.

### FANTASTIC FEATURE #3 – Choose from Hundreds of Teacher Made Question Sets

Many teachers who play our games have made their question sets public so that you can use them too! You can even make your questions public so that other students and teachers can benefit from what you have created.

### FANTASTIC FEATURE #4 – Easily Save Game Settings for Future Games

You can create many saved games, each with different questions and settings so that you can quickly choose a game to play at a future time. You can also assign the games to groups or students.

### FANTASTIC FEATURE #5 – Play on Many Devices

Play on interactive whiteboards, tablets and computers. Perfect for whole class, centers or individual play.

### Games Format:

The games run directly from the [pinkcatgames.com](http://pinkcatgames.com) website. The website was created so that you can easily play and manage your Pink Cat Games. The website also allows you to easily save game settings with the option to assign games to students and groups. The first time that you visit the website you will be asked to create an account to manage your games. The following browsers are supported: Chrome, Firefox, Microsoft Edge, and Safari.

Create questions for any subject in any language! An easy to use question editor allows you to quickly make questions. Enhance your questions by choosing from over 1000 clip art images that are provided.

## **How to Save Game Settings**

go to <https://www.pinkcatgames.com/help?show=savesettings>

Saving game settings will allow you to quickly start the game without having to choose any settings. As well, you can assign saved games to groups and individual students.

## **How to Create Groups**

go to <https://www.pinkcatgames.com/help?show=creategroups>

You can create groups to organize your games so they are easy to find and play. Groups can be classes such as Kindergarten or Grade 1, or they can be used for levels such as Lower Level Learners, On Level and Above Level. You could also use them to organize games for the time of year such as games for each month or even each week.

## **How to Create Students**

go to <https://www.pinkcatgames.com/help?show=createstudents>

Create students to assign games to individual students. This feature is great for differentiating questions or word lists but having all students play the same game.
